

**WANTED: PARTS FOR DH.100 VAMPIRE PROJECTS – FB.9 R1382, MK.31s A79-175 & A79-733,
DH.108 TG283 'replica'**

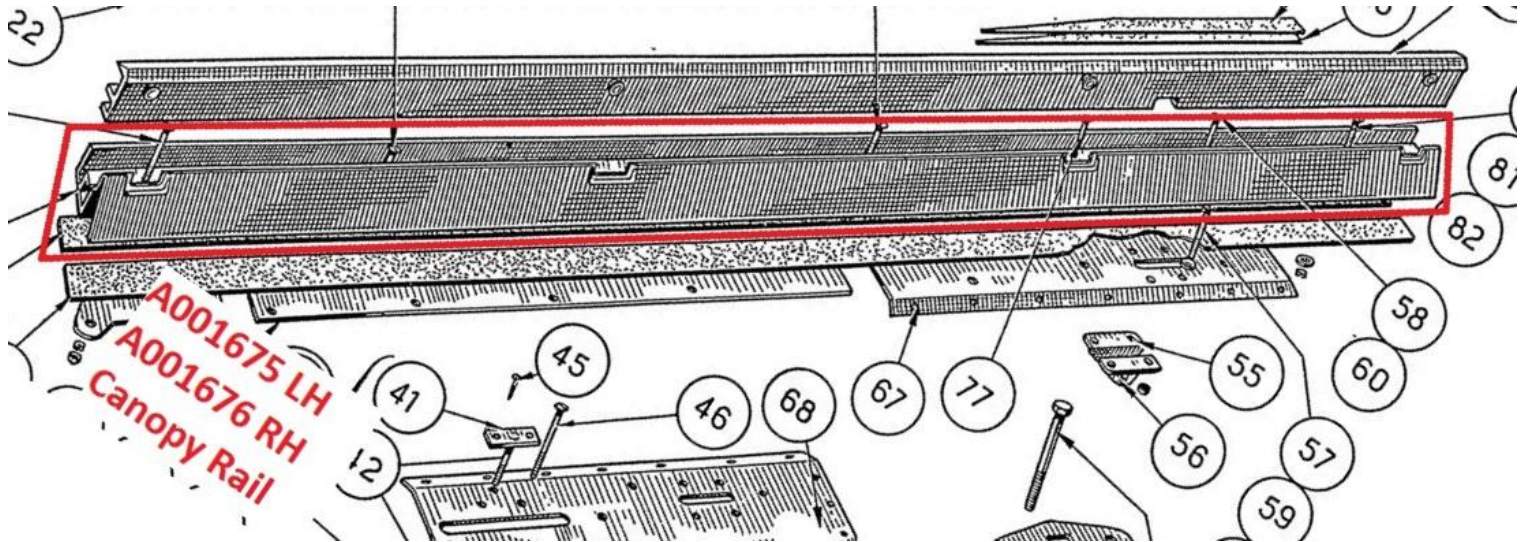

PARTS NEEDED FOR VAMPIRES & DH.108 Replica

CONTACT: nrc@vhjet.com

SEE OTHER DOCUMENT FOR PARTS AVAILABLE FOR TRADE

ITEMS WITH A RED CROSS HAVE BEEN SOURCED

CANOPY RAILS: A001675, 26FC/2893, Rail, Canopy, LH and A001676, 26FC/2894, Rail, Canopy, RH

CONTROL BOX PARTS - P/N 56F-L002729A, U/C LOCKING LEVER

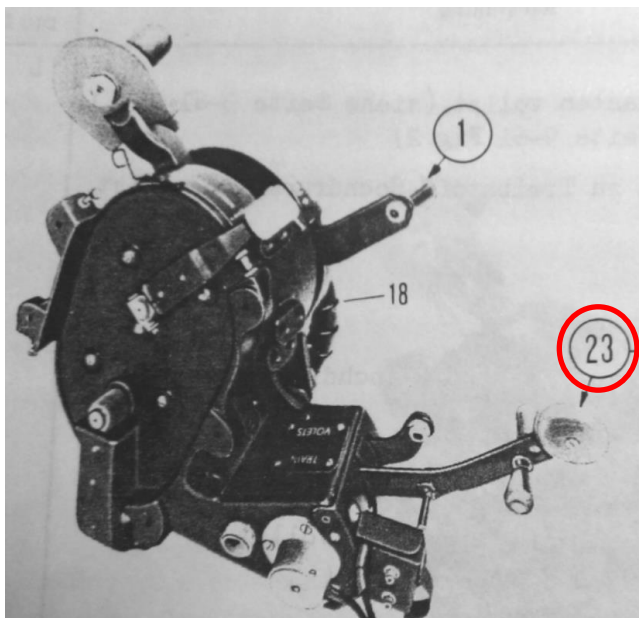

A COMPLETE OR PARTIALLY COMPLETE CONTROL BOX WOULD BE WELCOME!

Item 31 - KNOB: 56F-L002713, Qty 2

Item 32 - BOLT: 56F-L002715

Item 28 - UNDERCARRIAGE LOCKING LEVER: 56F-L002729A

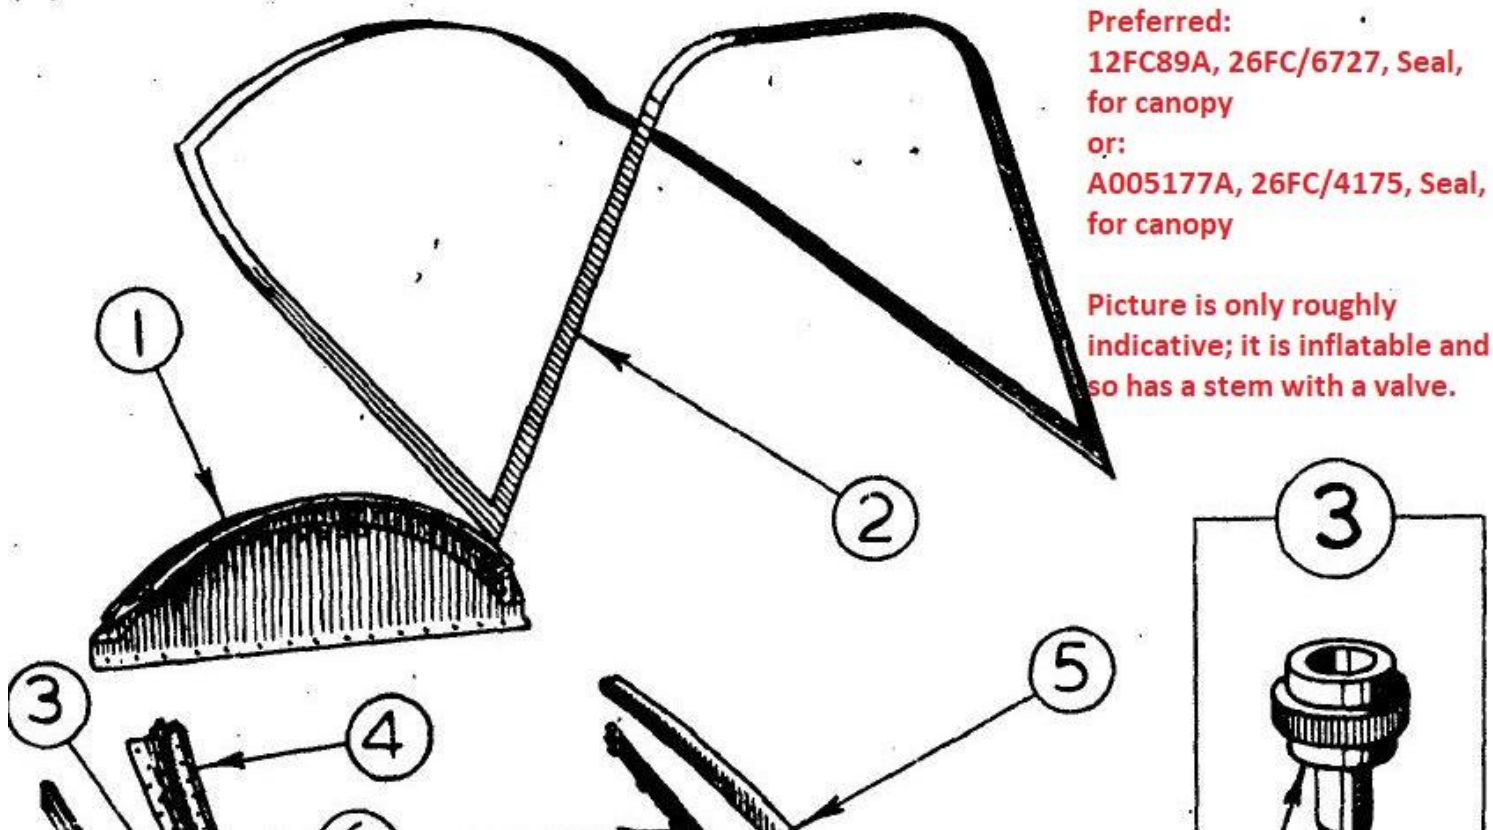

NOTE: These three part-numbers are SWISS. Rhodesian Vampire FB.9 R1382 was fitted with this mod which does not seem to have been fitted to any other aircraft (eg, RAF), probably because it was in service through the 70s. The control box for the Trainer is significantly different to that for the single-seater – most parts are not common between the two.

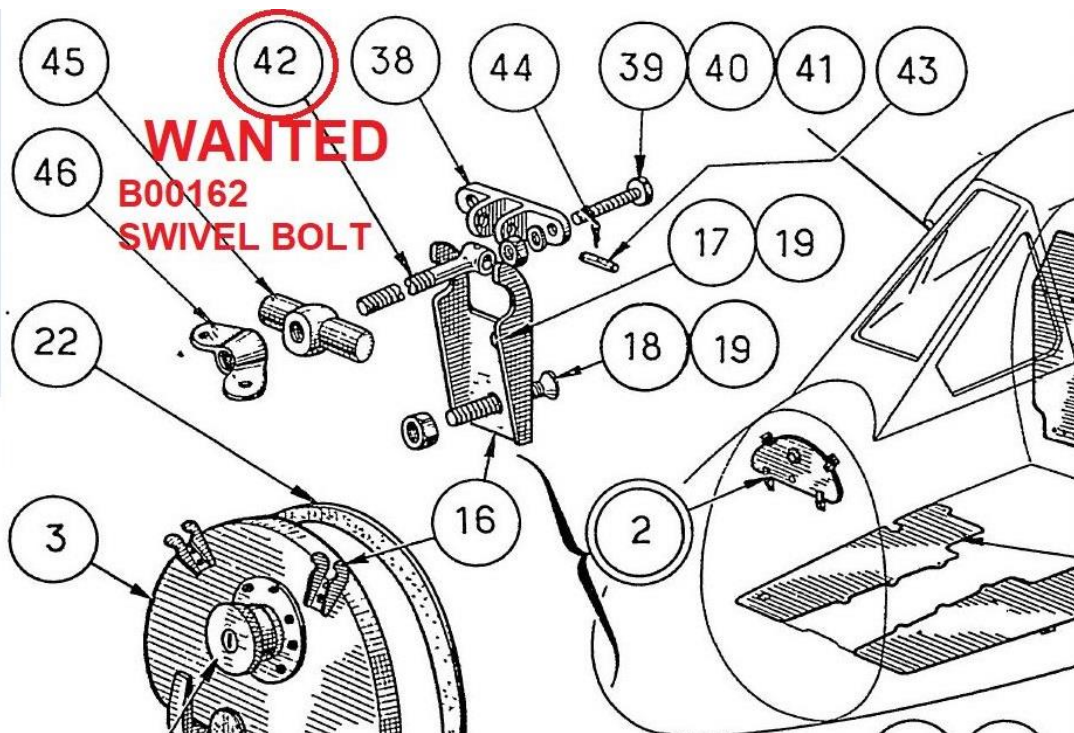

CANOPY SEAL

Preferred: 12FC89A, 26FC/6727, Seal, for canopy

Otherwise: A005177A, 26FC/4175, Seal, for canopy

P/N B00162 SWIVEL BOLT – QUANTITY 2 NEEDED

RP & BOMB JUNCTION BOX, p/n 00N301A

FUEL TANK SENDERS

Ref. no. 6A/2040, Smiths p/n 955FG, Type 251 – outer wing tanks – Quantity 1 needed

Ref. no. 6A/1975, Smiths p/n 917FG, Type 237 – inner wing tanks – Quantity 2 needed

FUEL CONTENTS INSTRUMENT PANEL

Not a problem if there are no gauges. Any version welcome – original, left or modified, right. Original is mostly Tufnol; the modified version has a sheet metal reinforcement with new holes added to the upper half, for V.308 clock (first modified version) or centre fuel gauge plate added as shown (second modified version).

SELECTOR UNIT TYPE BC-965-A & CONTROL UNIT TYPE BC-958-A

Bureau of Ships equivalent available for trade.

WANTED: Selector Unit Type BC-965-A & Control Unit Type BC-958-A
