MEMORANDUM OF INSTRUCTIONS

1. CONTENTS This Schedule contains a list of Lockheed parts embodied in the "VAMPIRE" Aircraft. (All Service Marks).
2. DEMANDS (a) Normally the demand should quote both Reference and Part Numbers, but either may be used, where both are not shown in this schedule.
- (b) O/S Replacements :—Various items throughout this schedule have been marked thus *, these are items for which over-size replacements may be used if the original item has been damaged or worn through use. An index of the above items and the oversize replacement thereof can be found at the rear of this Schedule.
- (c) Parts quoted in this schedule are held in Vocabulary Stores, Section 27/M, unless otherwise shown in the reference column.
3. EXHAUSTION OF EXISTING STOCKS An ^{Annotation Ø} asterisk placed in the Part Number Column against an Item or Group, indicates that further purchases to that design will not be made; but that existing stocks are to be used until exhausted. oh.
4. COMPILATION OF TEXT The multi-indentation system has been used in which the main assembly, consisting of sub-assemblies, groups and detail items, indicates their relationship by the indentation of the descriptive titles. This indentation is in accordance with the following outlines :—
- (a) Assemblies, separate Groups and detail parts, start at the left-hand margin.
- (b) Sub-assemblies, Groups or detail of the assembly breakdown listed in the preceeding paragraph are indented one column.
- (c) Groups or details of the first division sub-assemblies or groups are indented one further column.
5. NUMBERS OFF Numerals in the Number Off column, adjacent to the description in column indicate the quantity used for one group only, of that particular Unit or Assembly, Sub-assembly or Group in which they occur.
- Numerals in the column index the Heading Mark Applicability and number off per Aircraft indicate the quantity of each Unit, Assembly or Group used per Mark of Aircraft.
6. SERVICING OF TOOLS Special tools, if required, for servicing any Lockheed component listed in this schedule, will be shown at the end of the relevant spares layout.
7. AMENDMENTS to this schedule will be published by means of Amendment lists. These Amendments will be numbered consecutively, and the Commanding Officers are to issue the necessary instructions for the upkeep of the schedule and the completion of the Amendment Certificate. It is intended where practicable to amend the schedule by the insertion of reprinted pages.
- A statement of Amendment Lists distributed during the quarter will be published in Air Ministry Orders.
8. INCORPORATED MODS. AND AMENDMENTS See Modification and Amendment Record Sheet commencing on Page xi.
